

## BOWEN ESTATE

*classic coonawarra*

# 2011 Bowen Estate Cabernet Sauvignon

## Notes

- Region:** Coonawarra, Australia
- Grape Varieties:** 100% Cabernet Sauvignon; 100% Estate grown
- Vintage 2011:** Unprecedented rain through the summer and autumn of 2011 put our unique arch cane trellis system to the test. Playing the waiting game as the grapes ripened we are happy to report that we picked all of our grapes without any disease. The wine we made in 2011 was picked at lower baume levels, but still has good “*classic coonawarra*” structure. A year in which our arch cane trellising shone brightly with great results.
- The wine:** Vibrant lifted cassis Cabernet Sauvignon aromas are abundant in the glass. A well structured medium bodied wine. Fine French oak tannins give length and structure to this wine whilst the smooth blackberry fruit traits add to the wine’s palate complexity. A lovely elegant Coonawarra Cabernet Sauvignon.
- Drink when?** Now or over the next 5 years
- Serve with:** All red meat and pasta dishes, and blue and aged cheeses
- Guarantee:** *The Bowen Family is proud to guarantee the origin of this wine. All grapes used are grown and harvested from our vineyards located on Coonawarra’s famous terra rossa soil.*
